

CpE213 Semester Project – Peer Rating of Team Members
(Due: 8:00AM, 12/19/2003)

NAME _____

Underneath the table following this paragraph, please write the names of all your team members, INCLUDING YOURSELF, and rate the degree to which each member fulfilled their responsibilities in completing the project. When finished, fold it in three pieces so the contents cannot be seen from the outside and staple it shut. This evaluation constitutes 10 percent of the project grade.

These ratings should reflect each individual's level of participation and effort and sense of responsibility, not his or her academic ability!

Possible ratings are as follows:

Excellent	Consistently went above and beyond expectation – did much more than their fair share.
Very Good	Did what they were supposed to do and were obviously well prepared. Very cooperative. Carried more than their fair share to complete the project.
Satisfactory	Did most of what they were supposed to do and took time to do it reasonably well. Took a fair share of the workload.
Ordinary	Did most of what they were supposed to do but not always on time. Cooperative. Their contribution required some fine-tuning but was generally well prepared. Might have worked a little harder.
Marginal	Did some of what they were supposed to do. Their work showed some lack of preparation. Overall share of workload was less than average.
Unsatisfactory	Consistently failed to show up or complete assignments. Contributions showed a considerable lack of preparation. Little help in completion of project.
Superficial	Practically no participation.
No Show	No participation at all.
